Carts are perfect for a specific retail product such as holiday gift items – investment companies – floral sales, etc. It could also be considered for an existing merchant wishing to promote a specific line of product or category for a short time.

KIOSK PROGRAM

This option is designed for retailers who have a professional kiosk that meets our design criteria. The location is 8 feet wide x 14 feet long with a six foot height restriction. Electrical power is provided and there is access to telephone or cable hook-up. You would be responsible for the phone or cable activation costs.

CENTRE COURTYARD

This is for large displays such as furniture – flooring – antique shows, car shows, etc. Access to standard power is available and arrangements can be made for telephone or cable access.

IN-LINE TEMPORARY SPACES

This option allows a retailer to set-up their business in an actual store setting with the hope that they will enjoy success and become a permanent merchant. The space is provided in an “as is” condition.
