

## Property Management Update on Coronavirus (COVID-19) for Village Green Shopping Centre

The health and safety of all who visit the Village Green Shopping Centre is the property management team's foremost priority, and as we are all learning in these challenging times, everybody has a role to play to protect the safety and well-being of our community.

BGO is working in partnership with our tenants and we have advised tenants to follow the advice of the public health authority, as BGO is doing, and require that any employee who has been suspected or confirmed of COVID-19 exposure, or has come into contact with anyone suspected or confirmed to be infected with COVID-19, should immediately proceed with self-quarantine and provide notification to the local public health authorities.

### Service and Safety Measures

Please note that our tenants are reviewing their business operations, and some will be temporarily modifying their business hours during this time.

The property management team has increased the frequency of cleaning at Village Green Shopping Centre, as well as canceled or postponed all on-site special events, reduced the number of seats available in the food court to ensure social distancing and ceased the rental and loan of strollers until further notice.

### How You Can Help

Our guests to Village Green Shopping Centre range in age, many of whom are elderly or may be immune-compromised. Our thoughts and consideration are with them at this time.

If you have **recently travelled outside of Canada in the last 14 days**, or if you **are feeling unwell**, we ask that you refrain from entering the centre. Please take this time to follow the directives of the local health authorities and prioritize the care for your personal well-being.

For updates on our mall operating hours and any changes to the operating hours of our tenants, please visit: [www.villagegreencentre.com](http://www.villagegreencentre.com)

Thank you for your cooperation and for helping to keep our community safe.
